MINISTRY OF EDUCATION

Curriculum's Input (2016 – 2021)

The Curriculum Planning and Development Division (CPDD) has been supporting LMSIP for the past five years. In response to Cabinet Minute No. 732 of April 29, 2020, the CPDD charted strategic pathways to achieving the objectives of the LMSIP Curriculum Teaching Initiative. The desired results are both project goals as well as individual clients' (students') needs.

Initiatives proposed by the CPDD reflect strategies that are creative and targeted to not only achieve curriculum and project goals but to also foster interest, motivation, sense of achievement, edutainment and holistic development for and with our students. Six initiatives to support students were implemented under five broad subject areas of Literacy; Numeracy; TVET/Technology Education/Entrepreneurship; Visual and Performing Arts (Dance, Drama, Music, Visual Arts); and Social Sciences(Social Studies/ History/ HFLE / VCCE)
