# FORM ONE TRANSITION

## DEALING WITH THE RESULTS

### PARENTS

Parents, here are some tips on how you can support your child as they receive their SEA results:

- Breathe
- Tell your child that you are proud of him/her regardless of the results
- Help your child think about career goals and explain how these goals can still be achieved
- **Never** compare your child to other students, siblings or family members because each child is unique
- Let your child know that it is okay to be sad or disappointed
- Tell your child you love him/her before and after the results
- Remind your child that a school cannot make him/her successful, that only he/she has that power
