

## **MEDIA RELEASE**

26 March 2026

Dear Editor/Head of Department,

### **Successful Completion of SEA 2026 Examinations**

The Ministry of Education is pleased to advise that seventeen thousand five hundred and seventy-three (17,573) students were registered to write the Secondary Entrance Assessment (SEA) Examination today, Thursday 26 March 2026, at five hundred and forty-seven (547) centres nationwide.

This cohort comprised eight thousand eight hundred and eighty-five (8,885) males and eight thousand six hundred and eighty-eight (8,688) females across eight educational districts.

Dr. the Honourable Michael Dowlath, Minister of Education, extends congratulations to all candidates, as well as sincere appreciation to the personnel responsible for the successful administration of the examination.

*“On behalf of the Ministry of Education, I commend all students who sat the SEA 2026 examination today. Today, you have shown not only what you have learned, but who you are becoming - focused, capable, and prepared for the future. Continue to strive for excellence,”* Minister Dowlath stated.

The Ministry also acknowledges the invaluable support provided by key stakeholders, including the Trinidad and Tobago Police Service (TTPS), Water and Sewerage Authority (WASA), and Trinidad and Tobago Electricity Commission (T&TEC), whose collaboration helped to ensure that examination centres were adequately prepared and that the process proceeded smoothly across the country.

The Ministry provided comprehensive accommodations for a total of four hundred and sixty-five (465) candidates with special needs, through approved Special Assessment Arrangements (Concessions) aimed at ensuring equitable access to the examination for all candidates.

Parents and guardians are reminded to securely retain students' admission slips, as these contain the necessary credentials to access SEA results online.

The Ministry of Education extends congratulations to all 17,573 students and commends them for their dedication and perseverance in successfully completing the 2026 SEA Examination.
