School Climate Survey: Parent

This survey is intended for parents of students in Forms 2 and 4 at the secondary level. We would like to know your opinion on various aspects of your child's school in order to improve schools nationwide.

Your individual answers to the survey will not be made available to anyone at your child's school, which means that no one will know how you answered. All answers will be summarized in a report that will not include anyone's name.

It should take about 15-20 minutes to complete the survey.
