SECONDARY STUDENT QUESTIONNAIRE

School Climate Survey: Secondary Student

This survey is being given to students in Form 2 and Form 4. The questions will ask how you feel about your school and how students get along with one another and their teachers. We want to know your opinion in order to find ways to improve your school.

Your individual answers to the survey will be kept confidential, this means no one at your school will know what you answered.

The survey should take about 30-40 minutes to complete.

Note: The following survey includes questions about important but sensitive topics such as alcohol and drug use, weapons, safety concerns, and thoughts of self-harm. We recognize that some of these questions may feel personal or uncomfortable. They are included to help the Ministry and school staff better understand students' experiences and to strengthen the support provided for your safety, health, and well-being. Please answer as honestly as you feel able. You may skip any question at any time. If any question causes you distress or raises concerns, support is available through your school counselor or another trusted adult.

If you have any questions, concerns, or would like to find out more about this survey, you may contact:
